MESSAGE FROM PRINCIPAL

What distinguishes NG is its unique balanced approach that is always keen on creating a unique balance for our students' life; the balance between the academic and the extracurricular activity life. That's why it is with great pride and joy that I announce the successful startup of our Step Up and NG Academy programs. **STEP UP** is an after-school, skill and grade level based, academic development course. The course is designed for Grades 3-8 students in English and Arabic and French for Grades 3-11. The program's main goal is academic achievement. In addition, the **NG Academy**, which is an extracurricular program, will be offering master classes in Visual Arts, Music, Athletics, Etiquette, Aerobics/Dance, Robotics, and Coding, from professional institutions specialized in these activities. Furthermore, in collaboration with Indiana University, we will be implementing an English Proficiency Course for parents. NG is not a school that talks the talk, NG is a school that walks the talk.

So be sure when you **STEP**.
 Step with **CARE** and great **TACT**.
 And remember that Life's
 A great **Balancing Act!**
 -Dr. Seuss

NG SUPPORT

Effective communication is the key! To maintain consistent and direct communication channels, it is crucial that we hear your concerns and challenges through the NG communication guide channels. We, NG faculty, are always here to help, guide, support, and clarify a concern that you might be facing. As Helen Keller stated, “Alone we can do so little; together we can do so much.” That’s why our doors are always open for all of you.
