

## A Message from the School Principal

What distinguishes NG is its unique balanced approach that is always keen on creating a unique balance for our students' life; the balance between the academic and the extracurricular activity life. That's why it is with great pride and joy that I announce the successful startup of our 'Step Up' and 'NG Academy' programs. 'STEP UP' is an after-school, skill and grade level based, academic development course. The course is designed for Grades 3 - 8 students in English, Math & Arabic. The program's main goal is academic development and achievement. In addition, the 'NG Academy', an extracurricular program, will be offering master classes in Arts, Piano, Ballet, Gymnastics, Kick Boxing, Soccer, Volleyball, and Basketball by professional institutions specialized in these activities.
