"My students and I are very grateful and deeply honored to have been a part of the inaugural International Summit of New Generation International Schools - This is Egypt, Bridging Cultures. Our experience of Egyptian hospitality was truly unparalleled. As one of my students, Chris, aptly expressed, "This is a trip of a lifetime!" We are still in awe of the incredible week we spent together, and we extend our heartfelt gratitude to everyone who made this summit possible.

For Pompano Beach High School, it was particularly special to witness other countries embracing the vision that Mr. Thomas initiated over a decade ago. Having him as the guest of honor at your first summit filled us with immense joy and sent a powerful message. Administrators and teachers, you may not fully comprehend the magnitude of the impact you have made on your own students and the students you graciously hosted. This experience will forever be etched in their memories, and we sincerely hope they will carry the messages of friendship, love, and respect to others they encounter.

Moreover, it is our genuine wish that the connections forged during our time in Egypt endure for a lifetime. May the bonds of friendship that were nurtured here continue to thrive and grow, transcending geographical boundaries. Your efforts have not only enriched the lives of our students but have also laid the foundation for a global network of young minds dedicated to fostering understanding and unity.

Once again, we extend our heartfelt thanks to everyone involved in organizing this extraordinary summit. Your dedication and hard work have left an indelible mark on each participant, and we are truly grateful for the profound impact you have had on our lives."
