## OUR MISSION

New Generation International Schools establishes a culture of a balanced, professional learning community that empowers educators and collaborates with parents to bring forth competent citizens who can make a difference.

## OUR VISION

New Generation International Schools is an educational institution with a unique culture that positively impacts and equips learners to excel at meeting international standards.

# MESSAGE FROM CHAIRPERSON

Dear Yearbook visitors,

Approaching our 20th year at New Generation brings back wonderful memories and accomplishments.

Since the editorial space is limited, I cannot go through a 20-year history of pride, joy and gratification, but I can highlight our main 2023 accomplishments.

Looking at our outstanding scores from both our accreditation bodies, Cognia and MSA, we have been awarded the School of Distinction for 2022-2023 by Cognia, which translates to rating New Generation from the top 6% worldwide schools, including 34 schools in the United States. Our accreditation scores were 90 points higher than the global average score. New Generation scored 100% in 26 indicators (KPIs). Bravo to an outstanding team performance.

Our MSA ( Middle States Association for schools and colleges ) was awarded for seven years, proudly with two highly functional standards.

NG was never only about outstanding formal accreditations and evaluations of our academic performance, but as important, our global representation has been continuously multi faceted: educational leadership, teachers, and student aspects .

This year we organized two very important and successful events.

The first was our annual Balanced conference, which took place in May 2023, which reflected our global presence. We hosted 30 international educators from 20 different USA universities in cooperation with UCEA, University Council for Educational Administration. The conference workshops and educational panels were attended by almost 200 educators purposefully designed to enhance the exposure of our faculty member's academic credentials.

Our second international event this year was on the international student exchange level .

We were honored to host the International Student Summit for students coming from Nepal, USA and Poland, which rooted our belief in the importance of NG student international exposure and communication with worldwide schools, cultures and nationalities.

Finally, I am very honored to announce the launch of New Generation's sister school "Asten College, Taj City , scheduled to open in September 2023.

All our schools will remain to be centered around our integral belief of our balanced approach philosophy.

Enjoy our yearbook pictures.

Thank you

# NG Admin

We've proven 2022 to be another successful year so far - congratulations.

Dear Parents and Students,

New Generation International Schools extends a warm welcome to you as you become part of our family.

We are a vibrant learning community with a friendly ambiance. Our mission is to provide our students with the best possible learning opportunities within a safe learning environment.

We aim to extend knowledge, develop skills, ignite passions, and provide choice through high level of student engagement. Our approach is aimed at ensuring that each student has the confidence, skills, and experience to excel in life beyond school as competent citizens.

At NG, the "Balanced Approach" encompasses our Beliefs and Core Values. Students are encouraged to respect all cultures, become positive contributors to society, hold themselves accountable for their own actions, and give/accept constructive criticism at all times. All students can achieve success and excellence with the right start and a strong partnership between home and school that's built on honesty, openness, two-way communication, and common goals.

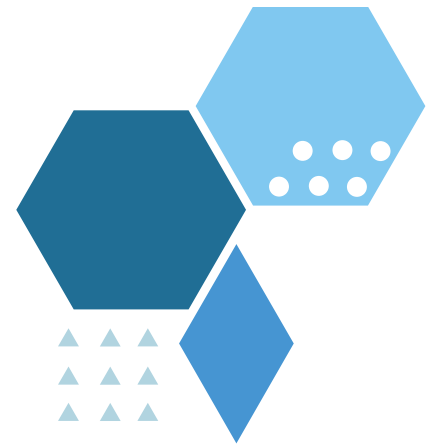

Moreover, we have high behavioral expectations and strong values. Responsibility, honesty, pursuit of excellence, social justice, respect, and co-operation are significant values that we instill in our students as they flourish throughout their school years.

By focusing on student well-being, individuals and groups are empowered to feel connected, purposeful, and optimistic. We seek to build self-confidence, self-esteem, and resilience in order for our students to approach future life experiences, opportunities, and challenges with self-assurance and energy.

Our professional and enthusiastic staff are committed to each student's academic, social, and emotional well-being. There is a commitment to embed the school's core values through our "Hidden Curriculum", to link what is taught in school to real-life situations. Our aim is to develop the necessary skills to encourage students to become active members of their society by feeling valued and supported at school.

# NG ACADEMY

This is NG Academy's second year of running successfully Sundays through Thursdays, five days a week. Students participated in a variety of sports and activities. They developed better gross and fine motor skills, whether in basketball, soccer, gymnastics, kickboxing, ballet, piano, and arts. We invited several schools to compete with our students in basketball and soccer. In addition, the father and son match was organized successfully.

We Rise Up For A Better Community.

## **Step Up Program**

“Step Up” is an after school, skill and grade level based, academic development course that will enhance and improve our students’ academic standards. The program’s main goal is academic achievement.

Above 80% of Step Up students showed immense progress by the end of the academic year.

# SPORTS WEEK

NG students competed in many exciting activities.

They played, danced, and learned about teamwork through various games and competitions.

## SPORTS

# SPORTS WEEK

# INTERNATIONAL SCHOOLS SPORTS ORGANIZATION OF CAIRO

NG students represented our school and participated in the International Schools Sports Organization of Cairo's tournaments in swimming, soccer, basketball, volleyball and handball. Our students won first place, second place and third place in several tournaments.

# BECAUSE **BASEBALL**

# Sports is Ethics

## الرياضة أخلاق

Our "Sports is Ethics" league is an annual event organized by the P.E. department. The tournament aims to encourage children's sportsmanship and build teamwork skills through soccer matches across grade levels. All students are recognized as winners to celebrate the end of the tournament.

# Sports is Ethics الرياضة أخلاق

Good sportsmanship took our middle school boys to a completely new level of maturity and courage. Students learnt how to accept the game's outcome without excuses, be proud of their performance, and be aware of the improvement they needed to achieve. This was enhanced and developed over a soccer tournament carried out twice a year, on Fridays. After all, **الرياضة أخلاق!**

# Student Council Elections

Our tenacious group of students have the opportunity to develop and reinforce leadership skills by planning events that contribute to school spirit and community welfare. Student council is the voice of the student body.

# ***School Assemblies***

**Our school assemblies highlight the importance of unity and collaboration amongst students from all divisions. Our purpose is to incorporate multiple skills such as listening, cooperation, teamwork, positivity, problem-solving, analytical and critical thinking, and open-ended discussions while addressing several topics to keep our students oriented with current events.**

# ***Safeguarding Assemblies***

**Safeguarding assemblies are designed to promote the welfare of children and protect them from harm. Students were taught how to protect themselves from abuse and maltreatment, preventing harm to their psychological and physical health or development.**

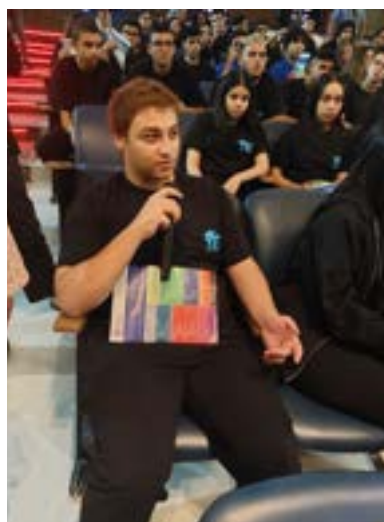

# University Assemblies

New Generation International Schools is accustomed to provide high school students with valuable opportunities to learn more about various universities and their requirements through university assemblies. These assemblies are conducted by reputable universities such as BUE, EU Business School (Spain), GUC, and Universities of Canada.

Attending these assemblies can help students gain a better understanding of the application process, admission requirements, and scholarship opportunities. They can also interact with representatives from these universities and have their questions answered.

By providing access to these university assemblies, NGIS helps the students make informed decisions about their higher education and future career paths. It is a great initiative that can benefit students on the long run.

# Anniversary of the Discovery of Tut Ankhamun's Tomb

Mr. Bassam El Shammaa, an Egyptian Historian, took us back to ancient Egypt and enlightened our students about the fascinating history of the discovery of Tut Ankhamun's tomb. The middle school students celebrated the 100-year anniversary and were extremely proud of their Egyptian identity and civilization.

# Elementary Spelling Bee

NG's Spelling Bee Competition was a unique opportunity to help and encourage our elementary students to improve their spelling skills as well as have fun! Grades 1-5 students had to compete through 3 rounds in order to become the final winners. It was a real challenge which required plenty of practice and taught our students self-confidence, communication, and public speaking skills.

# Middle School Spelling Bee

Students developed self-confidence, communication and public speaking skills, and the ability to thrive under pressure during our Spelling Bee event. Students were asked to rise to the occasion and learned many advanced words. They impressed us with their self-discipline while competing against each other and completing the challenging task.

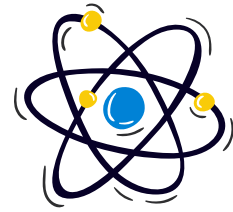

# Elementary Family Math Day

Our Elementary "Family Math Day" aims at proving that math can always be fun! Playing games with family members is a fun and enjoyable way to explore mathematical concepts and strategies and engage in logical thought and real-life application. Our students had a superb experience playing games with their parents during "Family Math Day."

# Science FAIR

Our students were motivated towards science and technology. The objective of this event was not about winning or losing; it was an event that involved learning at all levels. Science classes lively implemented important academic and life skills. Students learned the value of hard work, perseverance, trial and error, and teamwork. Cross curriculum integration with different subjects such as English, Art, Social Studies, and Math was another important skill that students applied. Our classes, labs, hallways, and even school gates displayed a lot of science projects, posters, display boards, and experiments.

# STEAM FAIR

A voluntary, extra-curricular event organized annually that allows students to have fun preparing and presenting a project for their friends and families. Students are encouraged to ask critical thinking questions that promote creativity and exploration and to connect their problem-solving to real-world solutions by integrating science, technology, engineering, arts, and mathematics. Our students were able to showcase the projects they created through an engineering design process.

# ART EXHIBITION

# Preschool & KG Christmas Funday

Preschool & KG students enjoyed a fun-filled day with lots of interactive Christmas activities. They were especially excited when Santa decided to drop by because all our children had been good this year!

# Christmas Celebration

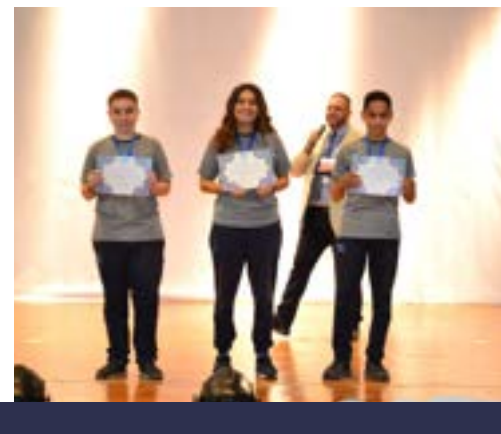

NG students celebrated Christmas with Santa.

# UNITY DAY

We were proud to honor our high achievers, who participated in the following religious contests (The Holy Quran - The Hadith - The Prophetic Biography - The Christian Religion Education), in the presence of their proud parents and families.

# ACHIEVEMENT DAY

Throughout the Academic Year 2022 - 2023, there have been uncountable whole school and student accomplishments that were celebrated throughout various internal recognition assemblies.

On this day, we celebrated our school and students' achievements.

# Preschool Grandparents Day

It was definitely a day to remember! Our preschool students enjoyed doing different activities with their grandparents. A big thank you to our lovely parents and grandparents who joined us for this spectacular event.

# 100 Days of School

★ 100

In celebration of the 100th day of school, our young KG ones dressed up as 100-year-olds and they looked super cute! They enjoyed a fun day filled with crafts and games while jotting down their top 100 favorite activities and foods.

# Elementary Spirit Week

The elementary spirit week was a blast! The spirit week was designed to bring a spark of joy and creativity to our school campus. Students enjoyed a morale boost by participating in different interesting daily themes.

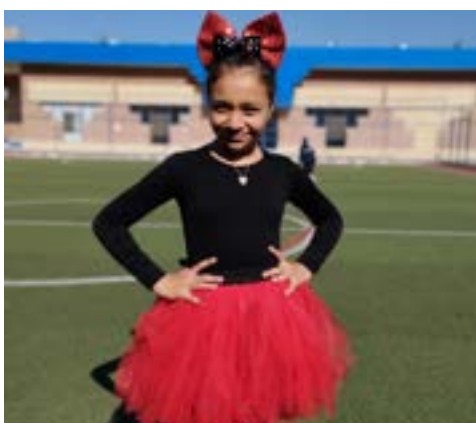

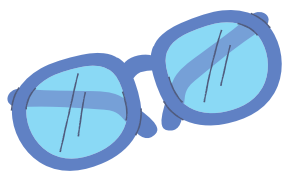

# Middle School Spirit Week

Spirit week created a sense of camaraderie and community between students and staff when they dressed in creative ways rather than the normal dress code. This helped students feel closer to each other as part of a larger whole, which encouraged a fun, positive school spirit amongst them.

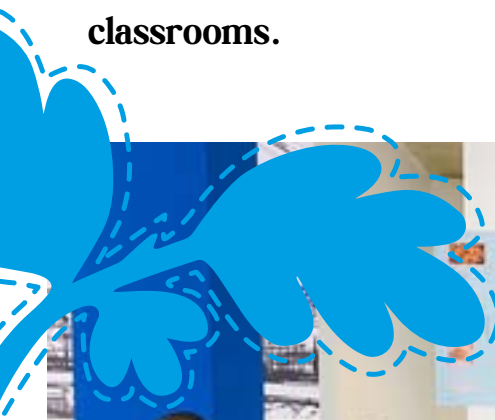

# HS Spirit Week

HS spirit week was designed to bring a spark of joy and creativity among students.

Teachers and students dressed up according to daily themes and celebrated in & out of the classrooms.

## International Festival of Francophone Schools Theatre

After the great success that NG achieved in the past seven years, New Generation International Schools was proud to be the first American school to host an enormous francophone event, for the second year in a row. The 20th edition of the International Festival of Francophone Schools Theatre was held from March 16th to March 20th, 2023. NG hosted around 300 participants from French and Anglophone schools who performed on our stage. The opening ceremony was attended by distinguished guests. NG students from Grades 7 to 11 performed a French play in the International Festival of Francophone School Theatre and attended other schools' plays.

## *International Summit*

As exposure and pursuing global collaboration are an integral part of the School's Mission and Vision, we take immense pride to announce that New Generation International Schools hosted an International Summit titled "This is Egypt, Bridging Cultures". NG practices "The Balanced Approach," which encompasses the promise not to discriminate against race, gender identity, or religious beliefs, and guarantees that students are learning on an international level while respecting their cultural identity and Egyptian roots. Our school has partnered with Pompano Beach High School in the Foreign Language Youth Exchange (FLYE) Program to strengthen and promote our international partnerships with schools all around the world.

"This was truly an amazing opportunity to be a part of, I'm so glad to have met everyone and learned so much from each person! I can't express how much this trip has meant to me." Skylar - Student

**Citadel of Qaitbay**

**Cairo Opera House**

"Thank you all for such an amazing experience. What I have gone through will benefit me for the rest of my life and I couldn't be more thankful for everyone. Safe travels for everyone and see you all soon!" Christian Briceno - Student

**Cultural Expo**

"I had some of the best experiences of my life on this trip. Thank you so much to everyone who participated and ESPECIALLY to all the staff & students from New Generation who made this possible. To the friends I made, I love you all so much & i will always keep in touch♥" Katie - Student

**Egyptian Cuisine**

"Thank you guys so much for everything! Not only was this summit amazing but the people made it so much better and going through those experiences made this trip of a lifetime. I appreciate all of you guys and this was fantastic! Love you guys and see you again soon" Nicholas DeFaria - Student

**River Nile**

**Bonfire**

**Al Moez Street**

"Thank you for a beautiful & fruitful DAY!  
The opening ceremony was a great lesson of Leadership for young leaders of tomorrow's world; as Mr Thomas said: #Education through relationships building & #Trust - is a life skill of XXI c. Thank you to Egyptian Team for bringing us #together. I agree with your Principal that "When Education goes beyond the school buildings & coursebooks, becomes meaningful for a lifetime". Thank you to students for your Speeches & to all for a good time. Goodnight / Dobranoc" Anna Polish Student delegate

"I wanted to thank each and everyone of you that made the summit possible and everyone I met in Egypt, you were all extraordinary and made my experience unforgettable. I can't express how grateful I am, I love and miss you all. See you again soon wherever in the world that might be. Everyone please feel invited to Poland by me. This was a lifetime experience and the friendship I made will last forever. The summit was a wave of hope and positivity that I much needed. I look forward for more experience like this summit in the future and being able to hug all of you again. Miss all of you so much♥"Gabryela - Student

"My students and I are very grateful and deeply honored to have been a part of the inaugural International Summit of New Generation International Schools - This is Egypt, Bridging Cultures. Our experience of Egyptian hospitality was truly unparalleled. As one of my students, Chris, aptly expressed, "This is a trip of a lifetime!" We are still in awe of the incredible week we spent together, and we extend our heartfelt gratitude to everyone who made this summit possible.

For Pompano Beach High School, it was particularly special to witness other countries embracing the vision that Mr. Thomas initiated over a decade ago. Having him as the guest of honor at your first summit filled us with immense joy and sent a powerful message. Administrators and teachers, you may not fully comprehend the magnitude of the impact you have made on your own students and the students you graciously hosted. This experience will forever be etched in their memories, and we sincerely hope they will carry the messages of friendship, love, and respect to others they encounter.

Moreover, it is our genuine wish that the connections forged during our time in Egypt endure for a lifetime. May the bonds of friendship that were nurtured here continue to thrive and grow, transcending geographical boundaries. Your efforts have not only enriched the lives of our students but have also laid the foundation for a global network of young minds dedicated to fostering understanding and unity.

Once again, we extend our heartfelt thanks to everyone involved in organizing this extraordinary summit. Your dedication and hard work have left an indelible mark on each participant, and we are truly grateful for the profound impact you have had on our lives."

# UNIVERSITY FAIRS

NG organizes "Study Abroad Fairs" to provide our students with opportunities to explore different study options and universities outside their home country.

Fairs include universities from USA, UK, Germany, Canada, Malaysia, and many more.

Through attending these fairs, students can receive guidance from university representatives who help them prepare for the application process and increase their chances of being accepted in their desired programs.

# University Visits

Networking after school life! As part of the career advisory program, high school students are offered multiple opportunities to learn about various national and international university requirements. In doing so, they visited the University of Prince Edward Island. Some universities like AUC, GUC, and BUE discussed their requirements at school. Also, EDRES High School University fair and the MARZ student service - Barcelona oriented grades 11 and 12 on how to apply for universities abroad.

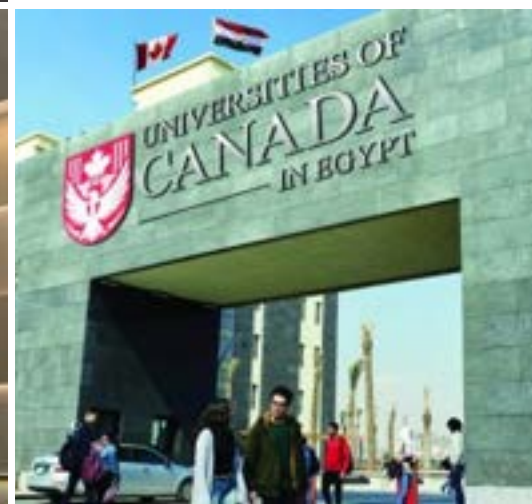

# EL BAKRY SCHOLARSHIP

El Bakry Scholarship is a full-fee scholarship for NG's students. It has been created to provide our high school students with an education opportunity at the University of Prince Edward Island (UPEI), in Cairo and the Toronto Metropolitan University (TMU), in Cairo, hosted by the Universities of Canada in Egypt (UCE).

## Sultan's Dilemma

Middle school students entertained us with their acting, dancing, singing, and poetry reciting skills in our annual show, "The Sultan's Dilemma". The play was inspired by the Egyptian Heritage novel written by the Dean of Theoretical Literature, Tawfeek El Hakeem. His works have been translated to English, French, and many other languages. The play was fully led by our students, whether on or off stage, charming us throughout the entire show.

# HS Bonfire

An outstanding initiative by the student Council, as high school students displayed independence by making their own food, playing games, and experiencing a bonfire night in a significant camping atmosphere.

## Preschool & KG Trips

In the Preschool & KG Division, learning through fun activities is our key strategy. The numerous field trips that we plan are an essential component of our curriculum. When our children visited Fagnoon, they enjoyed painting pottery and doing mosaic art. At Billy Beez, they were incredibly enthusiastic about exploring the different games and enjoying themselves while taking turns and sharing with one another.

# Preschool & KG Trips

# Elementary Trips

Field trips give children a chance to experience new venues and enhance their critical thinking skills. They are considered an integral part of their learning experience. Our elementary students were thrilled to visit both entertaining and Egyptian historic venues.

# Elementary Trips

## *Middle School Trips*

At NG, we make sure that our students continue learning beyond their classroom through purposeful educational field and fun trips. Our students learn to make the connection of what happens at school and the 'real world'. They were dazzled with the Egyptian Museum, Islamic Museum, Abdeen Palace, and other Egyptian touristic places. Not only that, but their enthusiasm was highly witnessed everywhere they visited. Positively and surely, the memories they have with their friends and teachers will never be erased.

# Middle School Trips

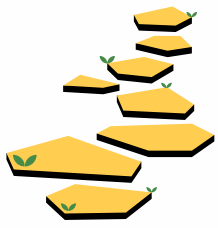

# Camps

NG students embarked on an exciting camp trip, filled with outdoor adventures, team-building activities, and new friendships. They explored nature, tackled challenges, and learned valuable skills while creating unforgettable memories that will last a lifetime.
