ANNOUNCEMENTS

1. PRESCHOOL & KG WINTER SHOW

We are eagerly awaiting our Preschool & KG parents on Friday, December 8th to watch our students' wonderful acting and dancing skills on stage! Stay tuned for more details.

2. ADVISORY SYSTEM

Grades 8 - 12 advisory program at New Generation International Schools plays a crucial role in guiding students toward their future career paths. The program empowers students to make informed decisions about their academic and professional journeys by providing personalized guidance and fostering a proactive approach to career exploration. The effectiveness of the school's advisory program is evident in the university enrollment of seniors last year. Notably, 34 students aspired to pursue engineering, and remarkably, 33 of them were successfully admitted. Similarly, 16 students aimed for medical careers, with 11 securing admissions. Finally, 39 students sought humanities and business, resulting in 28 joining business programs and 17 pursuing humanities. These statistics highlight the effectiveness of the student advisory program in guiding students toward their desired academic paths. They demonstrate that when provided with proper direction, guidance, and support, NG students are more likely to achieve their aspirations and gain admission into the universities of their choice.
